

Activity 8: Making a poem

Objective

To un-jumble the sentences or words to get a meaningful poem

Materials

1. Chart papers
2. 10-15 known children's poems/rhymes

Preparation

This activity can be done at two difficulty levels.

- A. Write the poem on a chart paper; tear off different lines of the poem to make different slips. These slips can be kept separately or 2/3 poems can be mixed to raise the difficulty level.
- B. Write the poem on a chart paper, tear off each word of the poem and make small slips. Again, you can decide to keep the poems separately or mix 2/3 to raise the difficult level.

Procedure

- A. Mix these slips and give them to one or two children. They have to segregate them and arrange them in the right order to get the complete poems.
- B. Mix these slips and give them to one or two children. They have to segregate these words and arrange them in the right order to make correct poems.

Activity 9: Making words

Objective

Develop the ability to make words

Materials

Slips of paper

Preparation

On the slips of papers write the words in and then cut them into smaller pieces.

Procedure

The packets of these cards are given to children and they can then make any word that they like from it. Usually only one or two words are possible.
